

Herpetological Journal

Volume 27, Number 3, 2017

Contents

Full papers

- Aspects of the thermal ecology of the lizard *Iberolacerta monticola* of Serra da Estrela (Portugal) 239-244
Zaida Ortega, Abraham Mencía & Valentín Pérez-Mellado
- Food habits, habitat use and density of *Emys orbicularis persica* from Jelilabad, Azerbaijan 245-251
Luca Luiselli
- Sexual size dimorphism among populations of the rose-bellied lizard *Sceloporus variabilis* (Squamata:Phrynosomatidae) from high and low elevations in Mexico 252-257
Raciel Cruz-Elizalde, Aurelio Ramírez-Bautista & Abraham Lozano
- Local abundance and observer's identity affect visual detectability of Sardinian mountain newts 258-265
Paolo Casula, Leonardo Vignoli, Luca Luiselli & Roberta Lecis
- Effect of toe-clipping on the survival of several lizard species 266-275
Claudia Olivera-Tlahuel, Hibraim A. Pérez-Mendoza, J. Jaime Zúñiga-Vega, Laura C. Rubio-Rocha, Brian C. Bock, R. Isaac Rojas-González, J. Gastón Zamora-Abrego, Esteban Alzate, Angela M. Ortega-León, R. Jonathan Maceda-Cruz, Fausto R. Méndez-de la Cruz, Héctor H. Siliceo-Cantero & Ricardo Serna-Lagunes
- Reinterpretation of the Climatic Adaptation of Giant Fossil Tortoises in North America 276-286
Don Moll & Lauren E. Brown
- Habitat characteristics influence the breeding of Rose's dwarf mountain toadlet *Capensibufo rosei* (Anura: Bufonidae) 287-298
S. Edwards, K.A. Tolley & G. J. Measey
- Tadpole community structure in lentic and lotic habitats: richness and diversity in the Atlantic Rainforest lowland 299-306
Mainara Xavier Jordani, Lilian Sayuri Ouchi de Melo, Cassia de Souza Queiroz, Denise de Cerqueira Rossa-Feres & Michel Varajão Garey
